

Copies of the listed documents are attached. Applicant respectfully requests that the Examiner consider the listed documents and indicate that consideration by making appropriate notations on the attached form.

In lieu of a statement of relevance or translation of the non-English documents, Applicant encloses an English language version of an office action dated October 4, 2004, from the German Patent and Trademark Office relating to a corresponding application that cites these documents and sets forth their relevance.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the claimed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

If there is any additional fee due in connection with the filing of this Statement, please charge the fee to Deposit Account No. 06-0916.
